

# Take care now and look to the future

## Liverpool

Are you an organisation or practitioner that supports carers or people receiving care?

Do you support people to make plans for the future in housing, legal, finance, medical, day to day care, transport, employment?

**We would like to hear your stories, experiences, ideas about the future planning for people receiving care.**

# The Brain Charity and Liverpool City Council are researching what would be the best way to support carers and people receiving care to plan for their future and we would like your opinions.

There are lots of ways that you can be involved. We would like to hear about your experiences of caring for others, so we can learn how to best support people to make plans for the future.

Share a story that relates to planning for the future.

Answer a questionnaire.

Come and chat with us and share your stories and ideas.

Join a focus group and share your stories and ideas.

We would like to hear your stories in any way that you are happy to share them and your thoughts and ideas will remain anonymous.

Thank you.
