

The Brain Charity
Who are we

The Brain Charity helps people with all forms of neurological conditions to lead longer, healthier, happier lives.

There are more than 600 conditions affecting the brain, spinal cord and nervous system. **We support every single one.**

We champion neurodiversity and provide practical help, emotional support and social activities for anyone affected by a neurological condition - including family members and carers.

The Brain Charity

What our clients say

Support from The Brain Charity was irreplaceable to me. If it wasn't for the support of The Brain Charity, I don't know what situation I'd be in. It is so much more than a charity - it is part of my life now.

Rupak
Multiple Sclerosis

The Brain Charity has given me so much. I worked with the employability team, took part in confidence coaching, and found a community that truly supports me. It helped me find a new purpose.

Ste
Cerebral Palsy

Coming to The Brain Charity, it was so freeing because I could just be myself. It didn't matter that I walked funny, it didn't matter that my words got jumbled or that my hands wouldn't stop moving.

Christine
Hyperekplexia (HPX)
